

JOLIET IS FLOODED WAS MUCH RIOTING

A Disastrous Overflow Reported With Several Drownings Today.

Louisville Comes to the Front With Several Tragedies—Howard Case Heard.

THE LATEST NEWS BY WIRE

JOLIET UNDER WATER.

Joliet, Ill., June 3.—Joliet is in the grasp of the worst flood in its history. All the lower portion of the city is under water, and it is rumored that several lives have been lost. The police have the names of Eddie McGovern, Lizzie McGee and a little girl named Kennedy as drowned. Several families have had narrow escapes, and the police have rescued many.

DIED FROM ARSENIC.

Louisville, June 3.—Patrick Sweeney lost his eyesight yesterday while looking for work, and went home, taking arsenic, from which he died today.

SHOT HIS FATHER.

Louisville, June 3.—Stetson Oyster, aged 15 years, shot his father, Edward U. Oyster, this morning with a .38 calibre pistol at the family residence, 1538 Highland avenue. The boy claims the father was drunk and in the act of striking his mother when the shot was fired.

SMALLPOX IN LOUISVILLE.

Louisville, June 3.—Four members of the family of J. T. Stewart, on East Washington street, have been sent to the pest house with smallpox. Workmen at Vogt's machine shop this morning refused to work with another member employed there for fear of contracting the disease.

WANTED TO BE SURE.

Louisville, June 3.—Ed Koppel, a saloon keeper, committed suicide at his place on Seventh street today by taking carbolic acid and then firing a bullet into his body.

ARGUMENT OF HOWARD CASE.

Frankfort, June 3.—The full bench of the court of appeals, with the exception of Judge Paynter, sat today to hear the arguments in the Jim Howard case. T. C. Campbell of Cincinnati appeared for the commonwealth and Judge Thomas R. Gordon, of Louisville, for Howard.

FINAL VOTE TODAY.

Washington, June 3.—After a debate on the Philippine government bill continuing seven weeks, the senate this afternoon late will reach a final vote on the measure. That the bill will pass is beyond doubt.

KENTUCKY POSTMASTERS.

Washington, June 3.—Kentucky postmasters appointed today are: Ordinary, Elliott county, W. S. Brown, vice L. M. Berry, resigned; Ramsey, McLean county, C. P. Adams, vice W. T. Brown, resigned; Webster, Green county, J. P. Hodges, vice W. E. Wade, resigned.

PUBLIC DEBT STATEMENT.

Washington, June 3.—At the close of business May 31, 1902, the public debt less cash in the treasury amounted to \$982,469,578, a decrease as compared with last month of \$654,403.

KIDNAPED CHILD.

New York, June 3.—W. A. Taylor of Cincinnati and his young daughter, Margaret, who was kidnapped by her aunt and taken to Italy, were passengers on the steamship Kaiserin Marie Theresa, which arrived today from Genoa and Naples. Mr. Taylor said he had no trouble in securing his child. She was in good health and spirits, he said.

COINAGE FOR MAY.

Washington, June 3.—During May, 1902, the coinage executed at the mint of the United States amounted to \$2,350,350, as follows: Gold, \$434,000; silver, 1,973,000; minor coins, \$40,350.

REPUBLICAN SWEEP.

Portland, Ore., June 3.—It seems that the entire Republican ticket except governor has been successful. Both Republican congressmen are elected.

Bloodshed Results in Chicago From the Teamster's Strike.

The Police Were Stoned by a Mob and Retaliated by Clubbing Many People.

THE POLICE PREPARED FOR TROUBLE

Chicago, June 3.—Riot and bloodshed marked the progress of the teamsters' strike yesterday. There were numerous fights between the police and the strikers and their sympathizers.

The most serious trouble of the day occurred in Crosby street in the district which is known in police circles as "Little Hell." A detachment of police under the command of Lieut. Collins was escorting a number of wagons loaded with meat to the distributing stations down town. A large crowd followed the wagons shouting and cheering and now and then sending a stone over the heads of the officers in the direction of the men on the meat wagons. The line of wagons escorted by the police was frequently stopped by other teamsters who would manage to pull across the street just at the proper place to prevent the meat wagons from making any progress. Finally, one teamster refused to pull his team out of the way of the meat wagon and the police placed him under arrest. Then the fight commenced. A shower of stones, mud and sticks fell around and upon the officers, bruising some of them badly. Lieut. Collins ordered the march of the meat wagons to be stopped, and at once charged the crowd, which refused to budge. A large number of women who came up to aid the strikers were the fiercest fighters of the lot. One officer was knocked down with a brick and his companions drew their clubs and made war with such energy that in a few minutes the street was filled with men with bleeding heads.

The police then fell back until they had formed a compact mass close to the wagons and at Collins' order they drew their revolvers and charged the crowd once more. The police struck down numbers of men and used their clubs and revolver butts with energy, and in three minutes the crowd was broken and in full flight. Forming his men around the wagons once more, Collins started on his march. As soon as the police started away the mob formed again, and although at a respectful distance they kept after the wagons until they reached the barns at Halstead and Division streets. In this fight about a dozen of the officers were badly bruised and nearly all of them had torn clothing. Many of the mob were badly used up.

IN TROUBLE AGAIN

JOHN HALE ARRESTED BUT ESCAPED FROM THE OFFICER.

John Hale, colored, who has been in considerable trouble for the past several months with his wife, was warranted in Justice Young's court this morning for beating his wife. Constable R. V. Gossett was given the warrant, and caught his man at Seventh and Clark streets. He served the papers on him, and Hale broke loose and ran away. Chas. Smith, colored, who was standing near, was deputized to assist, but refused to act, and a warrant will be procured for him. Hale will also be warranted again, this time on the charge of resisting an officer, as well as the breach of the peace. Hale has been in police court several times on the charge of eating his wife.

UNIFORM RANK

An Important Move in K. of P. Circles Last Night.

The Yeiser Division Will be Revived—Officers Chosen.

Paducah Lodge No. 26, Knights of Pythias, held a meeting last night and elected the following officers:

Harry Atkins, chancellor commander. Vice chancellor, Dr. J. E. Coyle. Master at arms, S. A. Hill. Master of work, Hugh Burrows.

These officers serve during the ensuing year. An important action of the lodge was the preliminary steps to revive the Yeiser division, uniform rank of the order, which was dropped about ten or twelve years ago because of a lack of interest.

This rank will be reinstated at once, and there are already about twenty-two signers, which is sufficient to guarantee the success of the effort.

THE GOLDEN HORSESHOE FUNDS.

THERE IS NOW NOTHING LEFT OF THE PROMISING ORGANIZATION.

The funds of the Knights of the Golden Horseshoe, which amount to only fifteen or twenty dollars, will be spent for a banquet for the members, or turned over to the Home of the Friendless. The organization will disband. The organizer, Mr. Husted, has left the city, and the boys who spent from seven to twelve dollars for initiation fees and assessments are out that much.

The order seems to have been effectually killed by the report published that there was no head to it.

MORE MEN

The Work on the I. C.'s Cairo Division Too Slow.

Foreman John Lane Goes Today to Secure More Men.

Mr. John Lane, the local section foreman of the I. C., has been instructed to immediately lay track on the East Cairo division of the I. C., the new branch being built to Cairo from Paducah.

Today he will go to Owensboro to arrange for getting men to assist in the work. The present gang is not large enough and will require many more. The railroad gang will lay track with the grading and will keep well up with the contractor's work. The graders cannot always make the same progress over the route. About three and one-fourth miles of road bed has been graded so far and within one week from the date of the start the track gang will be well up with the work.

FIELD DAY

THE Y. M. C. A. HAS SELECTED THE DATE FOR THE EXERCISES.

The athletic classes met last night at the Y. M. C. A. and decided to have their field day on July 4, and will at once begin preparations for it. The entries will be made as rapidly as possible.

The ladies committee of the Y. M. C. A. will meet tomorrow morning at 9 o'clock at the association building. Every member is urged to be present, as business of importance is to be transacted.

The board of Y. M. C. A. directors has been called to meet this evening at the Y. M. C. A. hall to confer with State Secretary H. E. Rose, who has been at Hopkinsville.

OUR OHIO VISITORS IN THE POLICE COURT

Delegation, Headed by the Governor of the State, to be Here.

Governor, Nash and Party Due at 6 P. M. Tomorrow Enroute to Shiloh Park.

WILL REMAIN BUT A SHORT TIME

The Ohio delegation for Shiloh National park will arrive in Paducah tomorrow evening at 6 o'clock, and be met at the train by a number of prominent citizens. It is en route to the national park to participate in the dedication of the Ohio monuments on Friday and Saturday.

There will not be any formal reception here for the visitors, as they will be in the city but a short time. They will go straight to the river from the train and take passage on the City of Memphis, which will arrive tonight or tomorrow and wait over for them.

In the party will be: Governor George K. Nash, Hon. David F. Pugh, Columbus, O.; Colonel Cornelius Cadle, Hon. Ralph P. Cole, Findlay, O., and many others.

Major J. H. Ashcraft, of the city, will accompany the party up. He is a member of the commission, and other members are already present, having been there for Decoration day exercises.

The program for the two days' exercises is as follows:

Hon. David F. Pugh, Columbus, O., chairman; presentation of monuments to the national government, Gov. Geo. K. Nash; acceptance of monuments on behalf of the United States by Colonel Cornelius Cadle, chairman of the National Military park commission, representing the secretary of war; by Colonel Josiah Patterson, of Memphis, representing the Shiloh military park commission; by Colonel Luke W. Findley, of the Fourth Tennessee, C. S. A., representing the state of Tennessee and the Confederate dead and by Hon. Ralph D. Cole, of Findlay, Ohio Shiloh battlefield commission.

Colonel Cornelius Cadle of Ohio, chairman, and Colonel Josiah Patterson, of Memphis, members of the Shiloh commission, left Memphis today for Shiloh, and Mr. W. King Poston leaves there the latter part of the week.

PRETTY LONE BRIDE WINS

SECOND JUDGMENT AGAINST ABDUCTORS OF HER HUSBAND.

Nashville, June 3.—About a year ago Abram Simon, a clerk in a local dry goods establishment, married pretty Rena Blase, an employee of a local millinery house. As soon as Simon's folks got the news of the wedding they went to the home of the bride and took the youthful husband away by force. Nothing daunted, the bride sued the Simons and others who had abducted her husband for \$25,000 damages. There was a hot legal battle, but the girl won. The supreme court reversed the verdict and remanded the case for another hearing. Today the case came up again in the circuit court, and the defendants failing to appear, the jury again gave Mrs. Simon a verdict for \$25,000.

Young Simon and his wife never lived together.

TWO MARRIED.

JUSTICE R. J. BARBER OFFICIATED AT TWO WEDDINGS IN THE CITY.

Justice R. J. Barber has officiated at two weddings since yesterday afternoon.

Last night at the New Richmond hotel he united Arthur Leach, one of the civil engineers on the Illinois Central, and Fannie Wilson of Cairo. The groom is 36 years old, and has been here only a short time.

This morning Justice Barber united Clarence Commars, aged 36, of the county, and Mary Comely, of the city, aged 34. It was the second wedding of the bride.

Five Warrants Against Jack Whitesides, the Man From Nashville.

Female Who Shot at Hun Cannon Goes to Jail—Fight Over a Ring Aired.

FEW CASES IN JUDGE SANDERS' COURT

H. B. Whitesides, the man who has announced a "speaking" for this evening at Ninth and Broadway to roast the city government, was the star performer in police court this morning. He was arrested on five warrants, four for selling liquor without a license by keeping his saloon open after he had been refused a renewal of license by the council, and one for immorality.

Yesterday afternoon he was given a licking by William Baker, a bartender, for talking about one of Baker's friends. Baker was presented in police court this morning and pleaded guilty, but stated that Whitesides, whom he would not compliment with the name "man," had been abusing everybody, from the mayor and city judge to the police and minor officials, and that he talked about everybody else he could think of. The court said it did not care to hear such a statement, however, and fined Baker \$1.

The cases against Whitesides were all continued until later in the week on account of the absence of witnesses. He is out on bond. It is said he had made the assertion that the people would be glad to pay him \$2,000 to get out of town, but the police are of the opinion that by the time they finish with him he will be glad to get out and pay them a bonus for the privilege.

Dan Holland and his wife, Annie, were charged with striking Mrs. Cantrill at a Third street boarding house yesterday afternoon and pulling her hair. The evidence showed that Mrs. Cantrill had accused Mrs. Holland of having a ring that had disappeared from a machine drawer, and Mrs. Holland took a few punches at her by way of retaliation. She was fined \$1 and costs and the warrant against her husband was dismissed.

Lulu Starks, alias Bainter, the negro who yesterday shot at Hun Cannon in front of the city hall and narrowly missed hitting Officer James Collins, waived examination this morning and was held to answer in the sum of \$800, going to jail in default of bond. She said the only reason she shot at Cannon was because she was mad at him.

Rufus Cross and Clarence Orice, colored, were presented on a warrant charging them with stealing some tools belonging to Wm. Conwell. The boys denied stealing any of the property, but the measurement of Cross's foot corresponded exactly with that taken by the owner of the tools the day after they were stolen, and Cross, in addition, was identified by the second hand man to whom the tools were sold. The cases were left open.

Judge Sanders will probably decide that under the second class charter he has a right to send boys to the reform school, and order them up there. If they do not, they will probably go to the penitentiary for house-breaking or obtaining money by false pretenses.

The petty larceny case against William Williams, colored, was dismissed there being no evidence against him.

HALF AN INCH

QUITE A RAINFALL THIS MORNING IN THIS SECTION.

There was quite a rainfall in this section this morning, half an inch falling in a short time. It was very refreshing, and did a great deal of good in the county, where rain was needed by the farmers.

The atmosphere was cooled by the shower, and the indications are for cooler weather. Yesterday the maximum was ninety degrees, and today has been unpleasantly warm.

The forecast for today is for cooler weather with showers tonight, and fair and cooler tomorrow.

Ordinance Given First Passage in the City Council Last Evening.

Lengthy Session Held Last Night and Many Matters Acted on by the Board.

STREET CAR ORDINANCE PASSED

The council met in regular session last night with all members present except Councilman Hannon, who was ill. The minutes of the last regular meeting were read and adopted. The matter of extending the time for the completion of the Terrell street contracts was brought up and the time extended to October. The matter of the binding of the above contracts, which were made when the city was in the third class, which had been referred to the city attorney, was also reported on and the opinion of the city attorney read. It was his opinion that the contracts were binding and the report was received, filed and concurred in.

W. T. Byrd prayed relief from an over assessment of \$200, which was referred to the relief committee.

The city attorney was instructed to bring condemnation proceedings against the Bradshaw property on West Broadway in order that pavements may be made.

The matter requiring the provisions of the ordinance stating that a copy of all by-laws and ordinances passed by the council be spread on the minutes was voted on and passed. This had been neglected since the city had been transferred, and the papers had accumulated.

Councilman Fowler presented the finance report showing receipt of \$13,530.04. It was adopted, as was that of Auditor Kirkland, showing \$21,356.18 general receipts taken in during the month just passed, with \$8,226.14 disbursements.

The report of the city marshal for the quarter ending May 31, showing a total of \$2,443.69 collected for fines, etc., and refunding \$657, was presented, filed and concurred in.

The city weigher reported a collection of \$258.50. The report was received, filed and concurred in.

The cow ordinance was brought up and a lively discussion ensued. Councilman Potter did not have so much to say this time, but spoke a little in his usual strain and quoted much from the Bible. He was banking on a final move that he thought would block the whole matter, but he was defeated. After the vote had been taken and the ordinance given its first reading he presented a paper saying that "legally an ordinance that had once been turned down could not be presented again for six months," but as this was a referred matter the law did not hold good. Mr. Potter then contended that the vote, 7 to 4, was not two-thirds.

required a majority only, and the vote stood good.

The street sprinkling ordinance was read, but withdrawn, as the season is too far gone, and most of the sprinkling contracts have been let by the merchants and residents. It will be passed, it is thought, next season, but will remain dead until then.

The fire and police commissioner ordinance was given its first reading after having come from the upper board, where it was referred on account of defects.

The two street car and light franchise ordinance, returned from the upper board, were given first reading.

Fire Chief Woods presented his report, which was filed and concurred in.

Water mains were ordered extended on Tenth street from Jones to Caldwell streets, the requisite number of property holders and residents having agreed to the requirements of the company.

The matter of paying the \$240 for extra firemen at the big Ferguson and Palmer mill fire some time ago, which had been hanging fire, was brought up and an investigation ordered, that the facts in the case may be gotten together and a speedy settlement made.

Several deeds and transfers of lots in the cemetery were ratified.

E. R. Dutt claimed that two persons were being assessed for the same piece of property on Trimble street and wanted the matter righted. It was referred.

Collins McGinnis claimed a \$200 over-assessment on Broadway property and wanted relief. The prayer was referred.

Caldwell and Son claimed that they have been paying \$5 per year too much for real estate license and wanted \$10 refunded. The prayer was referred.

Alex Storrie's liquor license on Harrison street, was transferred to Ches. Denker.

The following liquor license was granted: M. Kahn and Co., 118 Broadway, retail; M. Livingston and Co., 115 North Second street; Paducah Brewing Co., Monroe street; Jas. Kaufman, Fourth street.

James Bulger again petitioned the council for a license to open a coffee house at the north end of the Island Creek bridge and license was again refused.

Chester Perry was refused a license to open a coffee house at 1104 Tennessee street. This was the second attempt to secure the same.

License Inspector James Ezell reported that the street railway did not pay license for trailers; the telegraph offices full license for poles and branch offices; the express companies for offices, and the dog owners for dogs, and wanted to be instructed what to do. He wanted the council to take the matter up and place it before the legislature if necessary. It was referred to the city attorney for investigation.

The report of the police chief was filed and concurred in.

The deed from George C. Hughes to the city of Paducah for the Carnegie library property was read and referred to the city attorney for slight corrections before ratifications.

The firemen wanted permission to have necessary washing and cleaning done in their sleeping quarters, and the fire chief was instructed to look after the matter and attend to their wants.

The matter of the purchase of railroad property to use as wharfage ground was again brought up, and Councilman Taylor read a letter from Mr. Donovan, the local agent, saying that the matter had been referred to the superintendent of the Louisville division and that as soon as he could be seen would be arranged satisfactorily to both parties.

The matter of both fire departments answering all alarms was brought up. Councilman Fowler thought it unnecessary that both companies make long runs to small fires, and wanted it arranged so that the horses be spared. It was referred.

The sewer inspector's report was received and filed and council then adjourned.

IN MEMORY OF M'KINLEY.

Lincoln, Neb., June 8.—A chime of ten bells was dedicated to the memory of William McKinley in this city. The bells are placed in the dome of the largest church in the city, St. Paul's Methodist. They were dedicated with impressive services, after a sacred concert from the bells, lasting an hour. McKinley's favorite hymns, "Lead, Kindly Light," and "Nearer, My God, to Thee," were played during the concert.

TRAVELING MAN DIES IN CHICAGO UNDER PECULIAR CIRCUMSTANCES.

Chicago, Ill., June 3.—A letter found in the possession of L. Wachman, a traveling salesman, who committed suicide in a North Clark street saloon, leads to the belief that he was a member of a New York suicide club. From passages in the letter it is thought another member of the club committed suicide in New York last week. Wachman fell dead while being served with a glass of beer. Physicians who examined the body declared that it was a case of poisoning. A bottle of poison bearing the name of a drug store of a small town in California was found in Wachman's pocket. The letter, which leads to the theory that the suicide was a premeditated affair, was from T. Wulff of New York, dated May 25. The missive was written in German, and was poorly spelled. From such parts of it, however, as could be understood, it was gathered that Wulff and Wachman were members of an organization the members of which pledged themselves to end their lives. One of the passages read:

"Will commit suicide at once, and I am sorry that we cannot be together and end it. I had thought we could do this best together."

Wulff also says that he has left a note under the door of "No. 203—street." The name of the street is not given, but it is believed by the police authorities that the street mentioned may be the headquarters of the suicide club.

The New York authorities have been asked to investigate the matter.

WEEK OF FROLIC.

DRUMMERS ARE HAVING A GOOD TIME AT PORTLAND.

Portland, Ore., June 3.—There is no hustling for orders among the drummers who have come to town for the annual national convention of the Travelers' Protective association. The "house" will not hear from their traveling salesmen this week, for the latter are here for a good time and will let matters of business go to the wind. There is some convention business to attend to, but for the most part the week is to be given over to pleasure and entertainments provided by the citizens of Portland. This morning the delegates assembled in Convention hall and after addresses of greeting and responses there were reports showing the association to be as flourishing as a green bay tree. While the knights of the grip were engrossed in business their ladies were entertained at luncheon and later were taken for a carriage ride to Portland Heights and other points of interest about the city. No sessions will be held tomorrow, as an all day river excursion has been arranged.

THROUGH SLEEPING CARS FROM LOUISVILLE AND CINCINNATI.

Sleeping cars running to Northern Michigan resorts from Louisville and Cincinnati over Pennsylvania Short lines and G. B. and I. railway. "The Fishing Line," will be established June 23, 1902, leaving Louisville 4 p. m., Cincinnati 7 p. m., daily, arriving Petoskey, Traverse City, Bay View, Harbor Springs and Mackinaw City next morning. Meals on dining cars. For special information address C. H. Hagerty, D. P. Agt., Louisville, Ky., or J. M. Harris, A. G. P. Agt., Cincinnati, O.

ALLEGED BLUNDER.

GETS TWO MEMPHIS PHYSICIANS INTO SERIOUS TROUBLE.

Memphis, Tenn., June 3.—Drs. J. H. Reilly and A. L. Elean, of this city, are under bond to answer to the charges respectively of murder and accessory to murder, in accordance with testimony brought out by an inquest on the body of Mrs. Lulu Jowers, who died under a surgical operation performed by them last Saturday night. The operation was a legitimate one, but the doctors are accused of causing the patient's death by a surgical blunder.

RAILROAD EARNINGS.

Fortythree railroads reporting for the third week of May show aggregate earnings of \$8,162,541, a gain of \$513,018, or 6.7 per cent.

The three great products of the N. K. FAIRBANK COMPANY, awarded Gold Medals at the Charleston Exposition.

Cottolene

awarded the only Gold Medal granted to such a product. Cottolene is a trying and shortening medium, which contains nothing but pure, sweet and wholesome vegetable oil with just enough selected beef suet added to obtain proper consistency. It is highly endorsed by the best authorities on cooking and household economy and is used by them in preference to any other cooking fat. It is not only far superior to lard and other cooking butter, but it is more economical and healthful.

Gold Dust

deservedly won the highest possible honor. Gold Dust is acknowledged to be the best and most economical washing powder on the market. It will clean anything cleanable—clothes and dishes, pots and pans, floors and doors. Gold Dust lightens labor, lessens care. "Let the Gold Dust Twins do your work."

Boar's Head Brand of Refined Lard Compound

awarded the only Gold Medal in this line at the Exposition. The best known and the best made brand on the market. It is neutral in flavor, odorless, and goes farther in cooking than hog lard. It is superior in quality and has been recognized as the purest and best by experts and housewives the world over, for over 30 years. Beware of imitations represented to be "just as good."

Gold Medals, the highest honor bestowed on any product, have been awarded the articles mentioned above by the special awards jury of the South Carolina Inter-State and West Indian Exposition, at Charleston. These medals were won in open competition with the leading products of the world and the decision merely endorses and emphasizes the judgment of the public in pronouncing these articles at the head of their respective classes.

The judgment of the jury as to the superiority of Gold Dust, Cottolene and Boar's Head Brand of Lard Compound destroys the claims of competitors who manufacture so-called "just as good" products. If you would have the best washing powder, buy Gold Dust; the best lard compound, buy Fairbank's Boar's Head Brand; the best cooking medium, buy Cottolene. All leading grocers sell all three products. Take no others.

MARVELOUS FIRE DANCES.

SOME UNIQUE ELECTRICAL AND PYROTECHNICAL EFFECTS TO BE SHOWN IN BIG SPECTACLE.

When Pain's big pyrotechnical spectacle, "Last Days of Pompeii," comes to town we are to see something decidedly new in the way of dance "effects" introduced into the ballets of the show. Batteries of huge electrical stereopticons and ingenious pyrotechnical devices are utilized to secure these marvelous results, which are all original with the "King of Pyrotechnists," as H. J. Pain is popularly known in America and Europe.

The principal of these dances is known as the "Fire Dance of Isis," and is a part of the ceremonies in connection with the elaborate fetes planned by the wealthy Egyptian, Arabes, on the feast day of Isis to entertain and dazzle the fair love, with whom he was desperately in love. As reproduced by Pain it is the most beautiful and effective "fire ballet" ever attempted, showing eight handsome young ladies in a furnace of fire.

Another pretty dance is the Greek-Roman ballet, executed by beautiful Greek slaves, and still another the broadsword and shield combat by young Pompeians. The costuming of these dances, as, indeed, the entire costuming of "Pompeii," is the finest money could procure, and are all historically correct.

CONFEDERATE MONUMENT UNVEILED.

Monroe, La., June 3.—Confederate Memorial day was observed here by the dedication of a handsome monument in the cemetery. The attendant ceremonies were of an interesting character, and were participated in by veterans of the local camp, the Monroe Chapter of the Daughters of the Confederacy and other patriotic societies.

MEMORY OF VETERANS HONORED.

Savannah, Ga., June 3.—Handsome monuments to General Francis S. Barntow and General Lafayette McLaw were unveiled today in Chippewa Square. Addresses were delivered by several prominent speakers and there were other ceremonies of an interesting character.

DIED IN PRINCETON.

Mr. Frank Pastore, a well known resident of Caldwell county, died at Princeton, Sunday of heart disease. The deceased served as county clerk for 27 years until two years ago. He was father of Mr. James Pastore, of Seventh and Jackson streets, Paducah, who went up yesterday to attend the funeral.

Healthy Old People

say the main thing to do is to keep the stomach, liver and bowels in order if you want to keep well and live long. Good physicians say the same thing, too. The remedy called

RIPANS TABULES

while not mysterious or miraculous in its curative qualities, is a simple formula prescribed by the best physicians for disorders of the digestive organs. Just little Tabules, easy to take, easy to buy and quick to act. If your trouble is Dyspepsia, Bilioisness, Headache, Dizziness, Constipation, Heartburn, and the like, no need of calling a physician. Ripans Tabules contain exactly what he would tell you to take. Permanent cure follows a fair trial. No uncertainty about it.

ONE GIVES RELIEF.

There is scarcely any condition of ill health that is not relieved by the medicinal action of a R. I. P. A. S. Tabule, and the price, ten for five cents, does not make it from any home or foreign source is entirely within the reach of all. A family box containing the medicine is sold for \$1.00. For children the chocolate coated sort, 10 for 10 cents, are recommended. For sale by druggists.

The Wilford left this morning for Tennessee river for ties.

The Mary Stewart this morning resumed her regular trips to Cincinnati.

The Charleston will leave this afternoon at 5 o'clock for Tennessee river.

The Dick Fowler cleared this morning at 8:15 with a good trip for Cairo.

The City of Memphis left St. Louis last evening and is due here tomorrow.

The towboat Weaver, from Cincinnati, is down for the Mississippi river.

The Clifton is due at 4 o'clock this afternoon from Tennessee river en route to St. Louis.

The Clyde came out of the Tennessee river early this morning with a good trip and returns Wednesday.

The John S. Hopkins arrived from Evansville this morning at 10 o'clock with an excellent trip both in passengers and freight.

"When did the Eclipse make her last run from New Orleans?" asks a reader. She made two last runs. The first was in May, 1853; time, 4 days and 18 hours. In May, 1853, she made the run with the A. L. Shotwell in 4 days, 9 hours and 30 minutes, beating the Shotwell over an hour.

The lighthouse inspector for the 14th district gives notice of the following changes in lights in the Tennessee river: Reynoldsburg island, moved down 580 yards; Beach Creek island, No. 1, moved down to head island; new light established on the left bank, five miles below Savannah, to be known as Chalk Bluff; Diamond island moved down 400 yards.

The United Pilots' Corporation will be entirely in the hands of the pilots, for eight of the fifteen members composing the board of directors will be pilots. The corporation proposes to control piloting from St. Paul, on the Mississippi, to New Orleans, and from Morgantown to Cairo on the Monongahela and Ohio rivers. There will be fifteen branch offices. As far as wages are concerned, that is a matter for the pilots to decide. About forty of them will be called together at Cincinnati in the near future to set the wages. Piloting will be done by the tonnage, but a stated sum will be paid to the pilots for each trip made, in the manner that they receive pay now, except that the pilots who

poration receive their pay from the corporation, with which the boat owner must settle.

I. C. GUN CLUB.

GOOD SCORES MADE BY THE BOYS YESTERDAY AFTER NOON.

The railroad gun club held a shoot at its grounds yesterday afternoon, and the following is the score:

First, 15 bird event—Starr 13, Mercer 12, Harris 5, Armstrong 10, Seitz 1.

Second, 20 bird event—Starr 17, Mercer 13, Rouse 7, Baker 10, Armstrong 13.

Third, 10 bird event—Seitz 3, Williams 10, Bronough 7, Milam 6, Baker 6.

Fourth, 10 bird event—Armstrong 9, Milam 4, Davis 7, Baker 6, Bronough 8.

Fifth, 10 bird event—Baker 6, Mercer 10, Armstrong 4, Mercer 6, Seitz 5.

Sixth, 10 bird event—Seitz 3, Mercer 3, Baker 8, Rouse 8, Armstrong 7.

Seventh, 20 bird event—Mercer 12, Seitz 15, Armstrong 4, Rouse 12, Baker 5.

Tenth, 10 bird event—Starr 7, Mercer 6, Armstrong 5, Baker 9, Seitz 6.

The shooting was not as good as it has been, and seemed to be an off day with all shooters. Mr. Walter Williams, a comparatively new marksmen, is attracting much attention by his excellent shooting, and several weeks ago won a fine gun for a perfect score in a 15 bird match.

FUNERAL TODAY.

REMAINS OF MISS DAISY COOLEY BURIED TODAY AT MAYFIELD.

The funeral of the late Miss Daisy Cooley, one of the reigning belles of Southwest Kentucky, who died Sunday afternoon at Norton's infirmary at Louisville, took place at the Christian church at Mayfield this morning at 10 o'clock, and was attended by a large crowd.

Miss Cooley was taken to Louisville Saturday morning and operated on, and for a time seemed to be improving, but suddenly Sunday took a turn for the worse and sank rapidly. She was a daughter of the late W. S. Cooley, and formerly resided in Paducah, and often visited here. She leaves many friends and mourners here who will regret very much to learn of her death.

CONFEDERATE HOME

COLLECTIONS TAKEN UP EVERYWHERE ON JEFFERSON DAVIS' ANNIVERSARY.

Jackson, Miss., June 3.—Today, the anniversary of Jefferson Davis' birth, collections were made in every city and town of Mississippi in aid of the fund for the purchase of Davis' Beauvoir house, near Biloxi. The place is to be converted into a home for Confederate veterans. More than one half of the required sum, \$10,000, has already been raised and it is believed that today's collection will yield more than enough to carry the project into effect.

Mr. Howard Phillips and wife of Cairo, arrived last night on the Fow-

The Great Medicine for Building Up Weak and Sickly People in Summer.

Paine's Celery Compound

RESCUES A LADY FROM NERVOUS BREAKDOWN.

The surest and speediest banisher of disease and sickness known to medical men is Paine's Celery Compound.

The peculiar virtues of Paine's Celery Compound enable it to reach all the centres where disease is working; it quickly banishes all pain and trouble.

At this time Paine's Celery Compound is a veritable boon to every nervous, weak and debilitated man and woman. The ailments and diseases that have held people in bondage and suffering up to the present can be permanently banished by the use of a few bottles of nature's life giver and health builder. Mrs. Mamie Goukler, No. 668 39th street, West Philadelphia, Pa., who suffered for months from severe nervous afflictions, writes as follows:

"I beg leave to add my testimony to the wonderful good Paine's Celery Compound has done me. Some months ago I was troubled with a general breaking down of the system. I consulted a physician without avail, and upon the suggestion of Mr. John A. Cain, who I believe is a living example of your wonderful curing medicine, I purchased two bottles of your Compound, and I must say that I improved wonderfully since the first dose. My nervousness has left me entirely, and I am now feeling better than I ever did. You can rest assured that I will not hesitate to recommend your wonderful medicine to my friends who may suffer from nervousness in any form."

JACK THE RIPPER.

TRIAL OF EVANSVILLE'S BLOOD-THIRSTY EX-POLICEMAN CALLED TODAY.

Evansville, Ind., June 3.—The case of former Patrolman Wilbur S. Sherwell, who is charged with the murder of three women, was called for trial in the circuit court today. The crimes, which were committed last November, were of the "Jack the Ripper" type and aroused widespread horror. The present trial is for the murder of Mrs. Georgia Bailey, whose dead body was found in a ditch in this city November 12 last. On the same day the body of Lena Renner was found in a ditch in another part of town. Fannie Butler is alleged to have been choked to death by Sherwell in a stable May 15, 1901. In the latter part of November Sherwell was arrested and charged with the three murders. During his long confinement in jail he has maintained an air of indifference.

WENT INTO EFFECT

Both merchants and clerks are well pleased with the 6 o'clock closing now in effect. The public should lend their encouragement and support to this humane move by purchasing before 6 o'clock, as there is very little hawking done on Broadway after this time. The following stores have agreed to close at 6 o'clock except on Saturdays and the night of arrival of I. C. pay train and night thereafter:

Wallerstein Bros., Rudy, Phillips and Co., Cochran Shoe Co., Purcell and Thompson, B. Weille and Son, L. B. Ogilvie and Co., Eley Dry Goods Co., Boldry and Roberts, G. D. Palmer, D. Desberger, E. Guthrie and Co., Wahl and Co., Harbour Pitts Shoe Co., John Doherty, Paducah Furniture Co., F. N. Gardner, Rhodes-Burford Co., J. L. Wolf, Wm. Nagel, Geo. C. Hart and Son, Warren and Warren, Hank Bros., John J. Bleich, Noah's Ark, Scott Hardware Co., Jas. W. Gleaves and Son, Lendler and Lydon, George Rock and Son, Henry Diehl, The Arcade, Chambliss Bros., W. K. Poage.

FUNERAL TODAY.

The remains of the late Mr. James M. Downey, of the Maxon Mills section, who was thrown from his wagon yesterday morning and had his neck broken, were buried this afternoon at 3 o'clock from Palestine church. He was a member of Grahamville lodge of Masons and was buried with Masonic honors. Grand Master Charles E. Hart, of the city, went down to officiate.

PLANS FOR PYTHIANS

A Scene of Rarest Splendor to be Prepared for Them.

The National Biennial Meeting to be Held in San Francisco in August.

San Francisco, Cal., June 3.—When the thousands of Knights of Pythias debark from their trains here next August to attend the national biennial gathering of that order it will be to gaze upon a scene of rarest splendor. Not alone the people of this city, but the people of the entire coast have joined to make this gathering the most notable in Pythian history. Requests already received for accommodations indicate that the gathering will eclipse all former attempts, so far as the attendance is concerned. Everything possible is being arranged for the accommodation and entertainment of the expected guests. The interest is not confined to the members of the order, but spreads to the ranks of merchants, manufacturers, farmers and miners. All are interested in making the affair a glorious one for California and pleasant for the visitors. The city is to be transformed into a fairyland and the night is to be turned into day. Carloads of the choicest fruits will be sent each day from different sections for free distribution.

The giants of California's famous forests will be planted at convenient points for visitors to gaze at. Bearing trees from the citrus belt will be set along the curbs. Quartz and hydraulic mining will be seen in full operation as an object lesson to visitors, and oil wells will be bored to show the operation to those who cannot visit every section of the state to behold its wonders and glories.

Fifteen thousand Knights of the Uniform Rank will be in the parade, escorted by the militia of California and the United States troops stationed at the government reservation and the forts in the vicinity of San Francisco. Trophies made of California gold and silver, the most valuable ever offered, will be given by the citizens for the competitive drill. For the accommodation of the visiting host congress has authorized the secretary of war to issue 1,000 wall tents for use during the encampment, and as many more tents will be issued as may be required. Those and the 5,000 bunks to be placed in the great pavilion will be at the disposal of the visiting Knights who prefer outdoor life during the encampment.

NOTICE OF FIRST MEETING OF CREDITORS.

In the District Court of the United States for the District of Kentucky, in Bankruptcy.

In the matter of Frank E. Barger, Bankrupt.

To the creditors of Frank E. Barger of Paducah, in the county of McCracken and district aforesaid, a bankrupt:

Notice is hereby given that on the 29th day of May, A. D. 1902, the said Frank E. Barger was duly adjudicated bankrupt, and that the first meeting of his creditors will be held at my office in Paducah, McCracken county, Kentucky, on the 12th day of June, A. D. 1902, at 9 o'clock in the forenoon, at which time the said creditors may attend, prove their claim, appoint a trustee, examine the bankrupt and transact such other business as may come properly before said meeting.

LUNATIC SUICIDES.

Hopkinsville, Ky., June 3.—Sam Brown, an inmate of the Western asylum, committed suicide on the premises by hanging. He was a trusty and excused himself from the attendant and a few minutes later was found hanging to a plum tree in the yard. He was from Todd county and had been in the asylum three years. He was forty-five years old. He leaves a family.

THIRTY REBEL VESSELS SUNK.

Panama, Colombia, June 3.—The government gunboats which left here recently to capture insurgent vessels supposed to be removing produce from the Chiriqui district have returned. General Salazar said today they had captured about twenty sailing vessels and had sunk thirty more at Pijay, a small port between La Palma and Remedios. The insurgent garrison at Pijay resisted the advance of the gunboats.

DAILY THOUGHT.
"Success is not a second crop, the aftermath of work."

THE WEATHER.
Cooler tonight with showers except fair in the extreme west portion; Wednesday, fair and cooler.

The Louisville courts are to settle the question of what is noon in Kentucky. A number of insurance policies on a certain business there expired at noon on a certain day and about that time the store caught fire and was destroyed. The policies were contested on the ground that they had expired when the fire occurred. The alarm was raised in at 11:59 o'clock standard time and it is claimed by the insurance companies that it was then noon within the meaning of the law, the sun time being 12:17. On this hinges the acquisition or loss of several thousand dollars. The question of what is noon, whether it is standard time or when the sun crosses the meridian, has never before been brought up in Kentucky, and so far as is known was never settled in any state except Ohio, where it was decided that noon is the time the sun crosses the meridian. The case in Kentucky will establish a precedent.

The Sun is pleased to note that the city council is disposed to adopt metropolitan regulations. The passage of the town cow ordinance is a wise thing, and will be heartily approved by a majority of the best people in the city. It is intended to deprive no person of property or privilege, but is simply designed to protect people from the ravages of cows. It prevents no one from owning all the cows no desires but prohibits his turning them loose inside the city limits. This is all that should be desired. Citizens are not allowed to keep hogs at all inside the city, because it has been deemed best for the health and general welfare of the people. This in the reason the cows should be kept up. It is hoped that the ordinance will meet no opposition in the other board, having received a majority in the council. The Sun has been fighting the town cow for several years, and is pleased at the result.

The Boer war has lasted over two years. It has cost treasure and blood, and now that it is over it is difficult to see that either England or the Boers are any better off. The Boers have had to accept the terms dictated by England, and no matter how satisfactory these terms may be to England, they cannot bring back what has already been lost. There is a lesson to be found in this conflict, as well as in most others. The weak seldom has anything to gain by opposing such overwhelming strength. Courage and valor are well in their place, but the fight of the Boers, just as is the fight of the Filipinos, was merely suicidal. They have gained nothing, and those who are left find themselves with all the work of years to do over again.

There is trouble in store for the Frankfort gang this time. The South-west Kentucky Democratic papers are beginning to come out for Hendricks for governor, and if Hendricks is governor, it probably means that somebody else from this end of the state will not be something else. Some of the Hendricks papers are run by men who have been mixed up in

the counsels of the gang in office at Frankfort, and threaten if things don't go their way, to tell what they know. It is going to be a fight that will stir the Democrats as they were never stirred before. It may mean South-west Kentucky Democracy against that of the remainder of the state.

A sensible move was started in the council last night when the matter of stopping the useless runs of the South Side fire company to the central or northern part of the city was brought up and referred. There was never any reason in the practice. If there is a bad fire, in nine cases out of ten the South Side department can be notified in time to reach the scene sufficiently early. At present, however, the South Side department is required to answer every alarm, and often has a long, useless run of a mile or more on the hottest or coldest days, subjecting both men and horses to needless hardship.

Somebody will have to go down and soothe the feelings of the Mayfield Messenger. It has been complaining about Paducah's carnival ever since it was over. About a column was recently devoted to an erudite demonstration that carnivals are an immoral institution. It is regretted that the Messenger was not consulted before the Elks decided to give their carnival.

President Roosevelt's Decoration day speech has brought out favorable comment from the best people in the United States as well as Europe. He well sustains his reputation for saying what he thinks best whenever he sees fit, and has the happy faculty of always hitting at the right time and driving it straight home.

President Roosevelt is receiving testimonials of support from all parts of the country. He is steadfast and firm. He has backbone, and the people are finding it out. He does what he believes is right and pays no attention to adverse criticism.

Whitesides, the would-be saloon keeper, has stacked up against the wrong kind of people. He will probably be glad to get out of town if he is ever allowed to leave by the police.

Councilman Ifanion is in favor of allowing the cows to run at large and was absent last night, but there are enough votes to carry without him. The vote stands seven to five.

The Lexington grand jury is investigating gambling. The jury can always count on plenty to keep it busy in Lexington when it wants to work on that kind of material.

TENNESSEE BONUS

NON-RESIDENT TAXPAYERS OF NASHVILLE SEEK TO ENJOIN PAYMENT.

Nashville, June 3.—Suit was filed in the United States circuit court this afternoon in behalf of J. Craig McLanahan and other non-resident taxpayers of Nashville, seeking to enjoin the payment by the city of Nashville of \$1,000,000 subscription to the capital stock of the Nashville and Clarksville railroad, which was voted last August. The bill alleges the election was illegal and void, and cites a large number of alleged illegal votes in each ward of the city. The whole proceeding is held to be invalid.

PRESIDENT INVITED TO HOT SPRINGS.

Hot Springs, June 3.—Secretary Cooley, on behalf of the Business Men's League and the people of this city generally has written President Roosevelt extending him a cordial invitation to visit this city when he comes south next fall. The large governmental interests here, it is thought, will have some influence with the president in accepting the invitation.

Duché Honored His Book.

Former Lieutenant Division of the French army announces that he has now given full satisfaction to all persons offended by his book, "Les Maritimes," and will now devote himself to the advertising of his work. M. Duché's five duels have boomed his book, of which 50,000 copies have been sold, "which," remarks a facetious Paris correspondent, "is at the rate of 10,000 per duel—good business."

Sibley is an Expert Chauffeur.

One of the most expert chauffeurs in Washington is Representative Joseph Sibley of Pennsylvania. He has an automobile and each morning when congress is in session taken it up the avenue to the east front of the capitol, and then turns it over to an attendant. Mr. Sibley is so expert that he can cut figures in the air with his hands.

HORSE THIEF CAPTURED

FULTON OFFICERS RUN DOWN MAN WHO IS WANTED AT RIPLEY.

Marshall Leander Roberson and Jessa Walker caught a horse thief at Mayfield Monday. He stole a horse from a party at Ripley on the 8th of May, and Saturday the officers at Union City telephoned to Fulton that the thief was somewhere in that locality. Marshall Roberson at once sent a description of the man to Mayfield officers and to all other nearby towns. Chief McNitt phoned yesterday that he had the right man, and also the horse. The thief gives his name as B. Whitlock.

MILLIONS OF FISH

THE GREAT FISHING WATERS OF WISCONSIN ARE BEING NEWLY STOCKED.

Great attention is being paid this year by the Wisconsin Fish commission to the stocking of the streams and lakes of that state. Fifteen million pike fry and two million muscaddies are to be distributed in the Wisconsin lakes, and it is proposed by the Wisconsin authorities to give the visitor to that state this summer, plenty of sport with rod and line.

The Chicago and Northwestern railway, which reaches all the principal fishing resorts in Wisconsin and Northern Michigan, announces favorable excursion rates and special train service from Chicago and Milwaukee this summer to take care of what they anticipate will be the largest movement to Wisconsin resorts that has ever been known.

WHOLESALE VACCINATION.

SEVERAL MECHANICSBURG FAMILIES, HOWEVER, OBJECTED TO OPERATION.

Drs. Graves, the health officer, and Coyle, the city physician, today went to the section of the city near the Kilgore heating factory in Mechanicsburg to vaccinate the residents. About thirty-five were vaccinated, but three families refused to undergo the operation, and one entire family retreated to the wood house to escape the officers. Unless all agree to be vaccinated a quarantine will be made, and they will not be permitted to leave the house. There is but one case of smallpox in that vicinity, and it was shipped here from Memphis.

CHIEF ENGINEER.

MR. DAVID SLOAN AND OTHERS IN THE CITY TODAY.

Mr. David Sloan, chief construction engineer of the Illinois Central, Mr. T. M. Orr, chief right of way agent of the same road and Mr. A. F. McArthur, one of the biggest railroad contractors in the country, arrived this morning from Chicago on business connected with the Cairo extension of the Illinois Central, and are at the Palmer.

They are here to inspect and supervise the work that is being done on the road.

Hot Water the Expected.

Florence Jewell, the young Englishwoman who created more or less of a sensation a year ago by marrying a Kaffir prince who was on exhibition in a London show, is now suing for a divorce on the ground that her husband beats her with an assagai. When asked by the judge if she did not expect such treatment from a savage the plaintiff answered "Yes."

Hindoo Writer of Fiction.

Srinath Kumar Ghosh is the only Hindoo writer of English fiction. He is a fellow of the Royal Astronomical society, and showed such aptitude for legal work that the late Lord Chief Justice earnestly advised him to practice at the English bar.

Some Close Elections.

Henry Truelsen, who was defeated in the race for mayor of Duluth, will demand a recount, the majority of his opponent, Mayor Hugo, being but six votes. Two years ago Mr. Hugo beat him by eight votes. Between majority races he ran for congress and was defeated by Judge Morris.

NASHVILLE GROCER SUICIDES.

Nashville, June 3.—Louis C. Vampel, aged about 45, a grocer, despondent from drink and loneliness, shot and killed himself some time last night in his store in North Nashville. His body was found this morning by the mail carrier. Vampel left a will lying near his dead body, bequeathing his property to his sister, who lives in St. Louis.

PEOPLE NOW MARRY LATE IN LIFE

How Customs Have Changed from Generation to Generation.

It is a matter of common talk that men and women marry later in life than they did a generation ago. Certainly from personal observation we should suppose that this was true, but, like so many accepted facts, it is contradicted by statistics.

Forty-four years ago the average man married at an age which only differs to a fractional extent from the present average, which is 28.34. Perhaps we have been too charitable to the number of young women tottering on the verge of unmarried old, in supposing that they finally got picked up by a husband.

It may be that the advantages of modern education, and a deeper knowledge of the mysteries of life, does not appeal appreciably to the attractions of all English girls; and so the city droller of fifty summers, clothed upon with knowledge and a B. A. gown, does not, as many have rashly thought, generally bear off to the hymeneal altar a devoted Corydon equal in years if not in wisdom, but merely drags on a life of single blessedness.—Pall Mall Gazette.

A Good Twinstory.

Now that "The Twin Sister" has made a big hit at one of the Broadway theaters, it may be well to repeat a story that Lieut. Gov. Woodruff told at a dinner recently. It was of a man who invited a friend home to dinner with him and there introduced him to his wife, an accomplished, beautiful young woman, and to her twin sister, who was her living image, and who appeared equally charming to this visitor. He was talkative and entertaining at the table, but when he and his host had adjourned to the library to enjoy a cigar, he became silent and thoughtful. His host rallied him, and he finally admitted that he had something on his mind that greatly puzzled him. Pressed to reveal it he blurted out:

"Well, you've got a charming wife. She's pretty as a picture, affectionate, full of spirits and a regular queen in every way. But her sister is equally charming, equally pretty and witty, and they look exactly alike. What hothornia me is how in the dickens do you tell them apart?"

"I don't mind telling you," replied his host with the utmost seriousness, "that I don't try to."—New York Press.

Europe's Richest Bachelor.

His royal highness the Grand Duke of Saxe-Weimar is just 25 years of age and is said to be the richest bachelor in Europe, not even excepting his majesty of Spain. He is a soldier of much promise, and his career has been watched with interest by the Kaiser. Rumor has credited his royal highness with tender sentiments toward more than one princess, the latest selection being the Princess Beatrice of Saxe-Coburg and Gotha, whose attractions are becoming greater every year. The Grand Duke is expected to shortly visit England, where he will no doubt be heartily welcomed as the kinsman of Field Marshal Prince Edward of Saxe-Weimar.—Illust. Notes.

The Latest Insurance.

It is now possible to insure at Lloyds against the risk of smallpox breaking out in the house on either side of you—the idea being, of course, to protect the assured against expenses incurred by temporary removal. The rate is a minimum of 10 shillings per cent for the year, the risk, of course, extending over an indefinite number of people. One broker, who was in this business from the start, has been doing hardly anything else for the last ten days, and many who at first laughed at the whole thing are now coming into the market.

Invite American Bishop.

Bishop William B. Herrick of New York, who is over the 300 African Methodist churches in Pennsylvania, New York, New Jersey and the New England states, will deliver the sermon at the three hundred and fifty-third anniversary of the Huguenot church in Canterbury England, in July.

Make Money Raising Popcorn.

A. L. Schaeffer of Edgar County, Illinois, last year harvested the largest crop of popcorn ever gathered in the world. From his 102 acres he had 1,300 bushels, a yield of a little over seven hundred bushels to the acre. It cost him \$17 an acre to raise, sort, shell and pay ground rent.

Plan Bamboo Shoots.

The young shoots of the bamboo are covered with a number of very fine hairs that are seen, under the microscope, to be hollow and apiked like bayonets. These hairs are commonly called bamboo poison by the white men resident in Java, for the reason that murder is frequently committed through their agency, mixed in food.

Independents in New York.

It is estimated that there are nearly 250,000 voters in New York city who decline to become identified with either of the great parties, while there are even more who take no part in making nominations.

Misplaced Allegory.

A young Irish priest, in his first sermon, likened the Roman Catholic church to a magnificent, full-rigged ship as it glides over the great deep, buffeting every storm, riding upon every wave and floating upon every tide. "And why does it float?" Because it is founded upon a rock."

This signature is on every box of the famous Laxative Bromo Quinine Tablets.

OCEAN'S MANY MICROBES.

Fatal Results of Heftilancy in Sea Life and Bacteriological Wonders of the Daphnia.

At no particular spot has the sea been found to be free from organisms although those isolated and recognized have proved to be harmless, consisting of active mottle rods and various coud being less numerous. As might be expected, the number of organisms increases immensely as the shore is approached. Thus, about a mile from the shore something like two per cubic centimeter have been found, and this influence of the shore extends for four or five miles. Some hundreds of miles from land the number diminishes to 600, and at greater distances to 200 or less, any Science?

Of course, the fact that algal vegetation is richest near the shore, providing a highly nourishing hunting ground for the marine organisms, accounts for the myriads usually found there. Samples of sea water taken at some depth below the surface proved to contain only a few bacteria per cubic centimeter. Thus at half a mile below the surface only from eight to twelve bacteria were present. There is little doubt that even should pathogenic organisms gain access to the sea, as must be the case where sewers discharge raw sewage into it, their activity must sooner or later be destroyed.

The sea is remarkable from a bacteriological point of view in containing phosphorescent bacteria, and it is probable that some of these are disease producing, so far, at any rate, as regards certain aquatic animals. Thus, a bacterium has been successfully cultivated from the body of the luminous tiddler which is both pathogenic and luminescent. This bacterium invades the abdominal cavity of this aquatic animal, and all its organs with a fatal issue. During the presence of the disease the victim shines with a green light, which is said to be visible nearly a dozen yards away and which persists for some hours after the demise of the animal. It is not improbable that the luminosity of other marine animals may be due to the invasion of this light and disease-producing organism.

The very beautiful phenomenon of the phosphorescence of the sea is caused by the photobacteria in part as well as by a variety of low forms of animal life. The eerie light is in no way connected with the element phosphorus, as is commonly supposed. The cause of the phenomenon is respiratory exchange or oxidation, an aerobic function. Sea phosphorescence is never witnessed in perfectly smooth water, while brilliancy of the light when it is observed is always greatest upon the crests of the waves or where the water is in a violent state of agitation, as in the wake of a steamer. Its occurrence, therefore, is evidence of active oxidation. Could, again, the sea be sterilized phosphorescence would cease. The presence of highly combustible matter increases the light. A very simple experiment proves this. If the flesh of a fresh haddock or herring be placed in a low temperature (from 40 to 50 degrees Fahrenheit) the liquid will rapidly develop phosphorescence, which becomes quite brilliant on adding a little glycerine or sugar, or what in other words, is respirable material. It is curious that in marine life disease and death should be associated with luminous phenomena.

Soldiers' Appearance.

During the earlier days of the reign of Queen Victoria, dramatic performances were given at Windsor and the other palaces of the royal family. The audience being limited and strictly aristocratic, the appearance was, naturally, not especially hearty, and the comedians felt the absence of the more demonstrative approval manifested in the regular theater. One evening the queen sent an eunuch to Mr. Keen to know if the actors would like a little (meaning a refreshment), when the actor replied: "Say to her majesty that we should be grateful for a little applause when the spectators are pleased." Back went the eunuch and conveyed the message. At the end of the act there was a slight suggestion of hunched shoulders and exceedingly gentle foot tapping. James Wallack, who knew nothing of the message sent to the queen, hearing the mild demonstration, picked up his cane and inquired: "What is that?" Mr. Keen replied: "That, my dear Wallack, is applause." "God bless me!" retorted Wallack, "I thought it was someone shelling peas."—London Chronicle.

Why He Won His Case.

It was a Boston lawyer who in the heat of his argument referred in colloquial terms to the colored gentleman in the woodpile. When he sat down it occurred to him that it was a awful crack to make, especially as there was a colored man on the jury.

The jury took the case and, not a little to his surprise, found for his client. As the jurors left the room the colored man said to the lawyer:

"Thought we were going to find against you, didn't you?"

"Yes, I was a little afraid you would," replied the lawyer.

"That didn't make any difference with me," said the colored man. "I knew what you meant."—Boston Record.

By Comparison.

She—it must be awful to be buried alive—squeezed in a coffin and unable to move.

He—Yes, indeed. I tell you, Gene, there are worse places than this flat, if you only stop to think about it.—Judge.

THE GLOBE BANK

AND TRUST CO.

...Now Open...

...For Business...

The success of these large financial institutions known as trust companies, which have sprung up among us in the past few years is extraordinary; but more extraordinary still is the rapid and constant increase in the business of trust companies as the knowledge of them spreads, and people learn what they really are, whom they serve and the advantages they offer.

A trust company is a corporation formed for the purpose of accepting and executing such trusts as may be lawfully committed to it; of acting as trustee and receiving deposits of money and other personal property, and of loaning money on real and personal property.

The Globe Bank and Trust company is one of these institutions, and Paducah is fortunate in having one. Besides being a trust company, they do a general banking business, and pay interest on deposits. Office 308 Broad.

BOTH DOING WELL.

ENGINEER MORGAN AND FIRE-
MAN HUGHINS NOT SERI-
OUSLY HURT.

Fireman Tom Hudgins and Engi-
neer Ed Morgan, injured in the River
wreck yesterday morning, are much
better this morning, and neither so
badly injured as at first thought.

Engineer Morgan is not internally
injured, and is only badly bruised.
He is cut all over the body, but none
of the injuries are more than bruises.
No bones were broken, and his escape,
as well as that of his fireman, was
wonderful.

Hudgins' father arrived in the city
from Jackson this morning, and is
with his son at the I. C. hospital. He
is not badly injured, and the ankle,
first thought to be crushed, was only
badly sprained, and is not serious.
Hudgins said that when he felt the
shock the engine seemed to turn half
over, and he was thrown from the big
turbine. In alighting he felt a
numbness come over his ankle, and
taking off his shoe set the limb the
best he could. Both are doing well
today, and will recover.

FOR VAGRANCY

POLICE ARE GOING TO RUN
"DEAD ONES" OUT OF
THE CITY.

The police have decided to drive
all the vagrants from the city, both
white and black. There are a num-
ber of worthless white bums as well
as colored idlers about town who will
be required to seek other fields or
answer a charge of vagrancy.

The work will begin at once. All
who are notified to leave or go to
work and do not do so at once will
be promptly warranted, and if the
charge is sustained sentenced to thirty
days on the streets.

WORSE THAN THOUGHT.

ILLINOIS CENTRAL MAN DIS-
COVERED HE WAS HURT
TODAY.

Mr. Dan Bailey, an employee of the
local Illinois Central class, had a hard
fall Saturday in the shop yard, and
this morning reported the incident to
the railroad physician, who found the
injuries. The shoulder was badly
sprained, and his left side bruised.
He did not think the fall was serious
until this morning, when he was un-
able to return to work. He fell against
a piece of iron tubing and struck his
right shoulder and side.

MORNING.

A man named Alexander of Dawson
Springs came to the city last night,
and this morning took Captain Joe
Fowler's mad stone to Dawson with
him to apply it to a bad wound on the
arm of a nephew at that place, who
was yesterday bitten by a mad dog, or
one supposed to be mad. He did not
leave the name of the young man who
was injured, and promised to send
back the stone Thursday.

facturers was held at the Gilt house
today for the discussion of trade con-
ditions and to take preliminary steps
for the formation of a permanent or-
ganization. The new organization,
which is to be national in scope, is to
differ from the National Hardwood
Lumber Association, which has been
in existence for a number of years, in
that it will include the manufactur-
ers of lumber only, while the older
body includes its membership the
dealers as well.

Washington, D. C., June 3—The
attendance of many naval officers in
the wedding party added brightness to
the wedding of Miss Mary Livingston
Austin and Lieutenant Charles Long-
street Poor, U. S. N., which took
place today at the Church of the
Epiphany. The best man and ushers
were all brother officers of the bride-
groom, while the bride's only attend-
ant was Miss Anita Poor, the sister of
Lieutenant Poor. The ceremony at the
church was followed by an elaborate
wedding breakfast at Ranscher's.

The marriage of Miss Mira R. Gould to Mr. Leffert Lefferts Buck of New York City, as previously announced, will take place tomorrow morning at 10 o'clock at Grace Episcopal church, Bishop T. U. Dudley of Louisville performing the ceremony.

The list for the dance given by Mr. and Mrs. Rawls on Friday evening can be found at Wallerstein's.

WITH THE THEATRE.

Mr. True S. James, director and leading man of the English stock company, has in "Dr. Jekyll and Mr. Hyde" a play that enables him to fully demonstrate his ability in artistic work. Its first presentation by the English stock company last night at The Kentucky was witnessed by a fairly large crowd, and was fully enjoyed. Mr. James in the double role is certainly as good as can be found anywhere. His conception of the two natures is very fine and his acting is without doubt as good as was ever seen in Paducah.

His quick changes from the gentle, benevolent Dr. Jekyll to the snarling, sinister Mr. Hyde require great ability, especially when they are done so well. His transformation scenes are perfect, and his every word and action truthfully carry out the idea of the author in depicting the characters. Mr. James impressed his audience very much. He was applauded on all sides, and received several curtain calls.

The other members of the cast are very good, especially Miss Gale as Dr. Jekyll's fiancée. Hers is the only part that enables any member of the company except Mr. James to do much, but each character is well presented, and the audience seemed to like the performance very much.

Mr. Leo Florence as the Irish policeman made another hit with his clever impersonation and singing and dancing specially, and was called back a time or two.

Miss Wayne sang two of her favorite songs in a pleasing manner between the first and second acts.

Miss Alma Hays, one of Paducah's talented musicians, made her first appearance on the local stage and sang a beautiful solo, although she was so nervous that she at first declined to appear. She was given a rousing reception and encore, and is destined to become one of Paducah's most popular entertainers. Her voice is one of the finest in the city, and is well cultivated. She has already made a hit at The Kentucky.

A large throng attended the performance of "Tess" at La Belle park theatre last night, and seemed extremely well pleased, as evidenced by frequent hearty applause. The play is a pleasing and amusing one, and was well put on. All the specialties made strong hits, and Little Gerns made the acquaintance of some very enthusiastic auditors, who were delighted with her naive and coy slugging and dancing. She will doubtless prove a favorite with our theatregoers. "Tess" holds the boards till Thursday night, when the great comedy, "Why Jones Left Home" will be put on for four performances, including the Saturday matinee. Mr. Rely gives a free outside exhibition of his moving pictures each night, previous to the performance at the theatre. "Little Gerns" will positively appear at every performance this week.

Manager English received a telegram this morning from St. Louis stating that the lamp he yesterday ordered had been shipped, and they are expected in time for tomorrow night's performance. "Dr. Jekyll and Mr. Hyde" will be the bill tonight and tomorrow night, and "The Ironmaster," a comedy-drama, the remainder of the week.

AMONG THE SICK.

Mr. L. I. Bawzerlner, of the master mechanic's office, local J. C. is still ill and unable to be at the office. He is suffering from fever, and his many friends will regret to learn of his condition.

The physician reports Mr. Pete Derivation, who was injured yesterday by being run over by an ice wagon, as doing nicely today.

Will Honor Edward Everett Hale. Representatives of all the religious denominations of Boston, and of the various literary, educational, scientific and business societies and organizations—in fact, "all Boston," as one of the city's papers happily phrases it, are inhering together for a notable celebration of the Rev. Dr. Edward Everett Hale's 80th birthday on the 3d of April next.

Hungary Hopes to Raise Cotton. Hungary hopes to be able to raise cotton, although the warm season is only five months long and the plant requires seven months to ripen. The difficulty is to be overcome by special preparation of the seed and by adding ingredients to the soil.

Both Fox and Weapon. The Roman stylus was often made heavy, that it might be used as a weapon. It was with such a stylus as this that Caesar defended himself when attacked by the conspirators.

TO OUR LAUNDRY PATRONS:

We, the undersigned, American laundrymen of Paducah, owing to the increase of materials, help, and the rapid enlargement of accounts and the difficult way of keeping them to the satisfaction of our patrons as well as ourselves, and the mutual annoyances in making collections, find it necessary to adopt a new system of dealing with our patrons, viz: to do a strictly CASH business. Therefore, on and after June 9, 1902, all packages of laundry must be paid for when delivered; and for the convenience of our customers and to make collections mutually pleasant, we will issue COTTON BOOKS at a valuation of \$1.00, \$2.00, \$3.00 and \$5.00, which may be had at our offices, or from our drivers at a discount of 5 per cent. These books can be left at home and when the bundles are delivered the proper amount can be detached in settlement for the accounts, just as bread and milk tickets are now used and with the same satisfaction. So far as many of our patrons are concerned we regret to be obliged to adopt this plan, but as we cannot discriminate, we trust all will appreciate our position and this announcement. We feel assured that this will be the case.
